POLITICAL NEWS AND NOTES

With the approach of the sitting of the county convention next Thursday morning, the political aspirants for various offices are sharpening their knives with a view to cutting down the weeds which have been obstructing their pathway.

John C. Lane, who has been silent, politically, for some time, this morning announced his candidacy for the office of mayor. It is reported by his associates that he will have the unanimous support of the majority of the precinct delegates of the Fifth district. From the Fourth district, the names of Robert W. Shingle, county treasurer, and E. A. C. Long have been mentioned quite extensively among the precinct delegates to the convention.

Single is well known to the county employees, who have nothing but words of praise for him. The Hawaiians call him their "savior." They say that whenever they are in need of financial assistance they go to Shingle and are promptly kooked by him. This act of kindness on the part of "Pill-hair," as the Hawaiians call him, places Shingle in a position where he may reliably expect support from them on election day.

Long, chairman of the education committee of the last House of Representatives, has made a record on which he can depend for support.

For Senatorial material the names of W. C. Achi, A. S. Kaleioku, S. P. Correa and George Renton, manager of the Ewa plantation, are mentioned from the Fifth.

The Achilles are confident that their chief will be nominated in the convention. At any rate, it is said Achi will stand by his guns until he is either nominated or defeated.

At a meeting held last night in the Eleventh precinct, John C. Lane received the unanimous support for mayor. The second choice was that of Shingle. The county committee men were Rudolph Duncan, with S. Dwight as chairman of the Eleventh precinct delegation.

H. J. Auld and Frank Fernandez were endorsed for supervisorial honor, while Henry Vierra and James

Young received the kokuas of their fellow delegates for representatives. Benjamin Kane and W. C. Achi were the choice of the precinct for senator.

From the Fourth district comes the report that Jack Dowsett, who received the endorsement of the businessmen for the candidacy for delegate to Congress, will run for senator. Dowsett made good while senator some years ago, and it is expected that if he gets the nomination he will be elected.

Aside from Dowsett, other candidates for the same honor are John Hughes, J. C. Cohen, A. D. Castro and Clarence Crabbe. The Fourth district is entitled to one senator, and it will be interesting to watch how these men will come out in the convention. It is reported authoritatively that Cohen has been promised the support of the poolas.

The Kakaakoites, according to their leader, will come out strong in favor of C. G. Bartlett for supervisor. J. C. Quinn is also out for supervisor.

At a caucus of delegates of the Thirteenth precinct of the Fifth district in the residence of W. Q. Smith last night, the candidacy of the following persons was endorsed: For senator, S. P. Correa; Representatives, Alfred Castle, W. E. Palquist; Supervisor, M. C. Amana. The name of Oscar Cox of Waiwala for the chairmanship of the convention was endorsed.

At a meeting of the local unions of the International Longshoremen's Association held last night, the organization voted to support the following candidates if they are nominated:

City and County—Mayor, J. J. Fern; sheriff, W. P. Jarrett; Deputy sheriff, Chas. Rose; attorney, Carlos A. Long; treasurer, R. W. Shingle; auditor, Jos. Bicknell; clerk, David Kalauokalani, Jr.; supervisors, W. H. McClellan, C. G. Bartlett, Wm. Ahia, W. A. Kane, E. H. F. Wolters, Lester Petrie, David Notley; senatorial, J. C. Cohen, J. H. Boyd, J. C. Lane; representative, Galt K. Keawehaku, David Kalauokalani, Norman Walkin, C. F. Beneveder, John K. Kama-noulu, Chas. Lake.

DR. SUN'S STAR NOW ON WANE

First Provisional President of China Is the Target for Much Criticism

By HIN WONG.

CANTON, China, Aug. 15.—The work of a destroyer is applauded only for a time by the populace, but the world will remember the builders of manhood and the makers of righteous nations.

Before the departure of Dr. Sun Yat Sen for Shanghai he was hailed in Kwangtung, his native province, as a national hero, one who had given seventeen of his best years to advocating, first, the overthrowing of the Manchurian dynasty and making himself the emperor, and then, finding such program impossible, working for a republican form of government for China. The mass of people in the interior of Kwangtung, although not familiar with his name except through the notice of his previous failures in revolutionary attempts, gave him and his relatives honor while he was in their midst last month, but as soon as he left Canton the public seems to have forgotten there is such a man as Dr. Sun Yat Sen, the first provisional president of the republic of China. ...

Public Opinion Is Fickle. This lack of formal farewell to mark the departure of a national hero is not

NOTICE.

I hereby announce my candidacy for the office of Supervisor for the City and County of Honolulu, subject to the action of the Republican District and County Convention. 5338-7t J. C. QUINN.

To Republican Delegates: I hereby respectfully solicit the individual votes of delegates to the District and County Convention of the Republican party for myself as candidate for Supervisor, hailing from the first precinct, where I have been elected as a delegate. I am running on my record as a member of the first Board of Supervisors of the City and County of Honolulu, which I have had abundant assurance was a record that gave thorough satisfaction to all sections of the constituency. Yours respectfully, DANIEL LOGAN. Honolulu, September 13, 1912. 6t

the fault of Dr. Sun, but is due to the changeability of public opinion usually found in an unequally educated race. There is no other provincial government in China that has so many college trained men at the heads of departments as Kwangtung, but the simple, honest, poor, illiterate mass will not consider any form of government as good as that which can provide for their immediate interests.

Today the importance of the part played by Dr. Sun in the recent revolution is still a question in the south. Dr. Sun's mission in returning to Kwangtung last month was to head the situation in the two provinces, Kwangtung and Kwangsi; to reconcile the different factions to the main issue of putting the governments in the south on a permanent and efficient basis. Dr. Sun has failed in the purpose of his mission. He could not command the attention of the leaders concerned in the struggle for power and for right of individual opinion.

Although it is dangerous to make public utterance in Canton relative to the influence of Dr. Sun unless favorable to him, many high officials here know and are not afraid to say that they have been fooled as the world has, in believing that he is working for unselfish service to his people, and that he is one of the few who have made the overthrowing of the late dynasty possible.

In freedom of speech and in political rights, the people had more rights under the dynasty than they have today. The reason for this is that the laws of the provinces are unsettled, that many officials possess both civil and military power, that the fear of another revolution from the pro-Manchu makes censorship of conduct and communication of persons necessary. One Who Makes Noise Wins.

Because of willingness on the part of the people to support whatever appears to be good on its face, and of the inability of many to differentiate between right and wrong, it will not be one who can present the best argument, but one who can make the biggest noise and attract the biggest crowd, who will win. To the followers of Dr. Sun, a comment unfavorable to the person of their leader is a speech against republicanism. To the simple mass, the failures of the present administration, to bring immediate relief and prosperity to the people indicate the impracticability of the republican principles in China.

Because of a lack of common education, a few idealistic speeches that promise happiness would attract universal support, and a blunder in administration of organization affairs forget the children. They love Cas-cats has nothing to do with the principles because they taste good — do ciples to be promoted would disrupt good — never gripe or sicken

a party into rival groups for power and for fame.

There are a large number of persons who believe they have acquired a liberal education by reading some translated books on western science and learning a few facts in world history and current events through newspapers, and they are always ready to furnish at a moment's notice many active advocates for all kinds of reforms, bad or good. The peddlers of patent medicine and the speculators for industrial corporations are using the name of patriotism and the arguments for the use of home product to promote their private interests. Some tailors and dressmakers ridicule the wealthy classes for wearing clothing of old Chinese pattern and call young men and women of smart fashions of the day the "new citizens of tomorrow." Some young women take "individual liberty" to mean freedom to go out whenever and with whom-ever they please. The military and the civil powers in the government of the south are struggling against each other for power. Jealousy is existing within both the military and the civil ranks. The hard times and the demoralized influence of the soldiers that usually come after a war are beginning to be felt by the people.
